TOUGH BLOCKAGES

FIR™ SEWER NOZZLE

DESIGNED FOR CLOGGED PIPES

- Designed to clean out sewer or storm water pipes with roots that are clogged with debris or ice.
- This sewer nozzle will travel further into the pipe when the debris is a mixture of roots and dirt.
- The FIR's™ pointed shape effectively works its way into the clog or ice, without losing thrusting power.
- FIR™ nozzles range between 3 to 6 jets in the rear with a tier design.
- FIR™ nozzle is made of quality stainless steel and are very economical.
- FIR™ nozzle is considered a Tier 1 nozzle according to NASSCO.

WHY Nozzteq? Because our Equipment is Engineered for Long Lasting Performance!
