

# CUSTOM HAND NOZZLE

**NozzTeq**<sup>®</sup>

Taking Science to the Sewer<sup>®</sup>

866-620-5915

**WASH DOWN NOZZLE**

## CUSTOM HAND NOZZLE

**RATED AT 5,000 PSI**

- Designed to connect to the end of the sewer hose or auxillary hose.
- This nozzle, unlike other hand nozzles, is properly rated to withstand the pressure.
- The Custom Hand Nozzle has interchangeable jets allowing the operator to run at different pressures for safety.
- The jets come in either stainless steel or stainless / ceramic.
- The Custom Hand Nozzle is made of quality stainless steel.
- Intended for use at low pressures when holding the nozzle.

**WHY Nozzteq? Because our Equipment is Engineered for Long Lasting Performance!**
